AWARDS:

- Prof. Dr. Amin El Magraby Award for the best article published in the Bullitin of the Egyptian Ophthalmological society in the year 2002, presented from the Egyptian Ophthalmological Society for the article titled “Comparison of laser in situ keratomileusis (LASIK) and photorefractive keratectomy (PRK) for low and moderate myopia”
- Star of the year Dept of Health and Medical services, Government of Dubai 2005.

PATENT:

- New bioadhesives for ocular surgery. ADAL-1® , patented by the O.E.P.M (Spanish office for patents and brands) in 21 June 1996 with the N° P9601398.

AUTHOR OF BOOK CHAPTER .The first published book about LASIK:

- Santonja JJ, Sakla HF, Alió JL: Chapter 11; Resultados: Experiencia otros autores. **Queratomileusis in situ con laser excimer (LASIK)**. Ed. Puente AA, Güell JL, Díez-Feijóo E., Tecnimedia Editorial, S.L., Page 151- 166. Madrid 1997.
- Corneal Collagen Cross Linking. Editors: Mazen Sinjab and Arthur Cimmings. Publisher Springer 2016.

ESSAY & THESIS:

- Essay submitted In partial fulfillment of the Assistant Professor of Ophthalmology Post Sept. 2003.
Title: LASIK. Flap Complications. Panel: Prof. Dr. Taha Labib, Prof. Dr. Zainab Osman, Prof. Dr. Mohammed Ibrahim.

- Thesis to obtain the Doctarate in Ophthalmology.1997
Title: ADAL-1®, New bioadhesive as an alternative to sutures in Ophthalmic surgery.
Supervisors: Prof. Dr. Jorge L. Alió, Chairman of the Ophthalmology Dept. Univ. Alicante.
Dra. María Emilia Mulet , Associate Professor Ophthalmol. Univ. Alicante.
Qualification: UNANIMOUS CUM-LAUDE (EXCELLENT WITH HONOR).19/9/1997.

- Essay to obtain the Master degree in Ophthalmology.1991
Title: Comparison between collagen shields and other therapeutic contact lenses.
Supervisors: Prof. Dr. Momtaz Higazy. Professor of Ophthalmol. Cairo University.
Prof. Dr. Khalid Mansour. Professor of Ophthalmol. Cairo University.
